Marty Essen began writing professionally in the 1990s as a features writer for *Gig Magazine*. His first book, *Cool Creatures, Hot Planet: Exploring the Seven Continents*, won six national awards, and the *Minneapolis Star-Tribune* named it a “Top Ten Green Book.” His second book, *Endangered Edens: Exploring the Arctic National Wildlife Refuge, Costa Rica, the Everglades, and Puerto Rico*, won four national awards.

His novels, *Time Is Irreverent*, *Time Is Irreverent 2: Jesus Christ, Not Again!* and *Time Is Irreverent 3: Gone for 16 Seconds*, all became Amazon #1 Best-Sellers in multiple categories.

*Hits, Heathens, and Hippos: Stories from an Agent, Activist, and Adventurer* is Marty’s inspirational and entertaining memoir, and like all his books, it reflects his values of protecting human rights and the environment—and does so with a wry sense of humor.

*Doctor Refurb* is Marty’s seventh—and most controversial—book.

Marty is also a popular college speaker, who has performed the stage-show version of *Cool Creatures, Hot Planet* on hundreds of campuses in forty-five states.
